Beginning _____, teachers will begin to work with small groups of students for _____ times per week to work on remediation strategies for the identified difficulties. Your child will be included in this small group instruction. Data will be gathered bi-weekly about your child's progress in this intervention. This information will be sent home to you. This intervention will be in addition to the routine classroom instruction your child receives. We will be working toward building the necessary skills for your child to be successful in grade level concepts and skills in

this area. If you have any questions, please contact your child's teacher at 464-1920.

Sincerely,
